President Vytautas Landsbergis
Vilnius,
Lithuania

Dear President Landsbergis:

It is with great joy that I have followed the recent developments towards democracy in your country and I congratulate you upon taking the steps toward full independence.

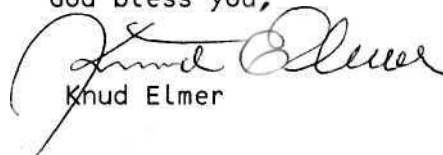

1940 was indeed a sad year for the Baltic States.

Many Americans feel, like I do, that it is only right for your country to gain that independence it so justifiably deserves.

With the first steps now taken for your country's freedom and independence I pray that all the three Baltic States, Estonia, Latvia and your Lithuania may soon be free and independent again.

Keep fighting! You have my and many Americans' full support.

God bless you,

Khud Elmer
