28 March, 1990

Dear President Vytautas Landsbergis,

We the people of the United States of America recognize the sovereign state of Lithuania. Americans have always believed in you and your country and have abhored the annexation by the Russians in 1940.

You can be assured that we, the citizens of the U.S.A. will press our Congressmen and other political leaders and demand our formal recognition of your country.

As fellow Catholics, we will pray for you and ask the Almighty God to give you strength to withstand the onslaught of the U.S.S.R.

Sincerely,

John and Barbara Sullivan
