

RESOLUTION

"From participants at the Baltic Symposium Sydney, Australia, 26th November 1989:

The Australian Baltic communities and leaders of the Popular Front and Independence movements in the Baltic States respectfully request PRESIDENT BUSH and PRESIDENT GORBACHEV to recognise the fundamental rights and expressed desire of the Baltic peoples in their homelands for freedom, preservation of cultural heritage and self-determination; to favourably consider the question of independence for Estonia, Latvia and Lithuania and to negotiate with the Baltic States the creation of political mechanisms whereby the Baltic peoples can exercise their sovereign right to determine their own future in an unfettered democratic manner."
